

The 5280 Fellowship is a 5-month learning community of spiritual formation, theology for work, and professional development that equips early- to mid-career Christian professionals to more faithfully engage their work.

Fellows can expect three outcomes from this experience:

Articulate a theology of work that connects their role to God's mission and purposes in the world.

Connect with a broader community of peers for encouragement, collaboration, and shared mission beyond the Fellowship.

Develop sustainable practices that will enhance their connection with God, provide clarity in their personal and professional life, and help them to serve others tangibly through their work.

THE PROGRAM IS BUILT AROUND FOUR PRIMARY THEMES:

**God's Story
for our Work**

**Calling &
Stewardship**

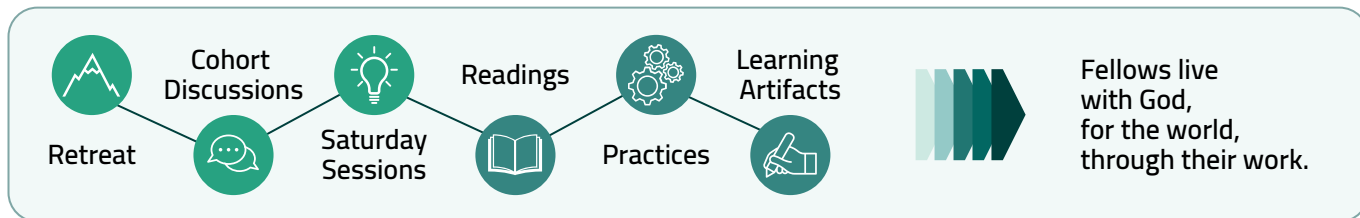

**Faithful
Public
Presence**

**Integrative
Practices
for Faith
& Work**

Fellows will live with God, for the world, through their work.

Applications for the
2026 Class of Fellows:
Priority Deadline: October 27
Final Deadline: November 21

We focus on holistic formation over mere information transfer.

Applying an adult education philosophy, we seek to **engage diverse learning styles by utilizing different learning environments and methodologies.**

The program includes **in-person experiences** (a retreat, Saturday Sessions, and regular cohort discussions) as well as **independent reflection opportunities** (readings, learning artifacts, and practices). All of these components are directed at developing fellows who live with God, for the city, through their work.
